

A woman in a floral dress is captured mid-jump, arching over a body of water. The scene is set against a vibrant sunset sky with orange and pink hues. The sun is low on the horizon, creating a bright glow and reflecting on the water. The woman's dress is flowing, and her arms are outstretched. The text 'SCHELLHAMMER INSTITUTE' is arched over her in a white, serif font.

Don't worry!

We can't change the world. We can't make a better world. The old tree of humanity has cancer, has no leaves anymore and must die. Billions of new trees must be planted for humanity's future: a sane world.

We can create a new foundation rooted in the inner Spirit.

We can create many new structures with a healthy mind.

We can learn a lot for a new understanding of humankind.

We can establish the new precious human values for the future.

We can learn how we must be nurtured pre and postnatal.

We can learn how to manage our very inner development.

Humanity must be rooted in the Archetypes of the Soul. Humanity needs countless leaders, professionals, and teachers with a cleaned mind. Everywhere also people must clean their pre and postnatal mind for their fulfilment. The eternal global human values can prevail with the Archetypes of the Soul.

Schellhammer Institute prepares individuals and institutions to build up a new world.

Will there ever be a better world?

What is the meaning of life?

Is there a God?

Why is there suffering and death?

What happens when I die?

Is there another world?

What will be in the other world?

Who am I?

Why am I on this planet?
